

Trip Information Packet

to

Guatemala

Bellarmino Preparatory School

Spring break: March 29th– April 6th

Welcome to Courts for Kids. Most likely, this is your first trip with our organization and we are confident that this trip will impact you in ways you cannot even imagine. We work closely with our in-country partner to make sure your basic needs are met, so we can all focus on the task at hand, creating a multi-purpose sports court with the initiative, help and support of the community.

A sports court is a great project because it requires the help of many community members, provides plenty of work for everyone, and becomes an asset that provides not only safe places for children to play, but also various other benefits. The hard work of our team will be a great bridge between us and the community and we will develop a mutual respect that will help provide inroads into a rich cross-cultural experience and first-hand insight into a developing world community.

We are looking for great cultural ambassadors, so please only sign up for this trip if you are willing to step outside of your comfort zone. You will need to work hard, you will be eating different foods, sleeping and bathing in less comfortable environments. But, as they say, if you want to live like you're in America, why leave?

Most importantly, we ask that you enter into this with a great sense of humility. We want you to be eager to learn and grow in this process as we are entering into a different culture with different values and norms. We want you be quick to listen and slow to speak.

We will not be giving you a detailed itinerary as things are very prone to change with this sort of construction project. But your time will be spent working on the court, taking part in various cultural activities and, most importantly, connecting with the locals.

Please look through this informational packet and feel free to contact us with any questions you may have.

If you choose to go, I can almost guarantee you will look back on this trip as a life-changing experience. You will grow so much in a week it will make you wish you could stay longer. In fact, you will probably say this was the best week of your year.

Hope you can come!

Community Information

The name **Chitum** comes from two words Chi which means place and Tum means straw branches so the name Chitum means the place where the straw branches are. The community of Chitum is located 240 kilometers from the capital city of Guatemala. With an altitude of 6,234 feet above sea level and a temperature that ranges between 59°F and 77°F this beautiful community is surrounded by mountains full of trees that give a beautiful landscape that takes your breath away. However, the landscapes and nature are undoubtedly an attraction for visiting our community, but the most beautiful thing we have is our warm people who will make you feel like family the moment you meet us.

This community is part of the Mayan culture, and the residents primarily speak the K'iche. The community members practice their own traditions, and beliefs, which are deeply rooted in their cultural heritage. The community has a school where they have kindergarten and elementary school, it has a church, approximately 35 houses but two to three families live within the same home. At first the community did not have its own school and the children had to walk in the mountain for approximately 5 kilometers and cross a river that in the rainy season would rise and be dangerous, which is why with the efforts of the parents and the municipality the school was built. Currently, the school has 62 elementary school kids and 20 kindergarten kids enrolled, but the facilities do not have all the classrooms necessary for each grade to have its own classroom, so all grades share a classroom with another grade.

Most community members have an informal economic activity, they are farmers dedicated to agriculture, textiles, street vendors and any other activity they are hired for. For this reason, kids are enrolled in school so that they do not stay home alone when their parents are away.

As for their gastronomy, their main food is corn, beans, as well as chicken eggs that they raise at home and from an early age they begin to learn about planting and harvesting, even from the school there is a garden program that teaches this since sadly many children after finishing sixth grade will not continue studying and will have to work to help with household expenses.

Your group will be met at the airport by the Courts for Kids Guatemala Country Director who lives in Guatemala and has been working closely with the community to plan all aspects of your visit. We will be staying in a community building sleeping on mattresses on the floor. The court will also be built at the school and will be used by the entire community. Many times it will be a place where the community will gather to dance and hold celebrations and ceremonies. We will work side-by-side with the locals and although it will be challenging there are jobs for everyone of every physical capacity. During the whole trip we will be fully immersed in the local culture eating authentic food, learning local traditions, customs, and way of life. It is important to note that this court will be built with the community not for the community. The community members are very motivated to make their court a reality and from the beginning, they have been the driving factor planning this project to see it come to fruition.

*More specific lodging, packing, and trip logistics will be provided as the departure date gets closer.

**Please note, the destination community is subject to change at the discretion of Courts for Kids in order to best meet the needs and safety of the volunteer group as well as the needs of the host community.

Today's Date

Dear *(personalize it by adding their name here),*

I am excited to share with you about an upcoming service project in *{insert country}* this upcoming *{month of trip}* through Courts for Kids. I need to raise *{amount needed to raise}* in order to participate so I am asking friends and family members to consider helping out with a tax-deductible contribution.

We will travel to *{insert country}* and make our way to *{insert a couple sentences of community information from the site details page of the packet}*. This community applied to Courts for Kids for assistance in building a multi-use athletic court, which is where I come in. I want to help make this vision a reality for the community but need some help. I am raising money not only for travel costs but also for construction materials, as well.

Our primary project will be to build this court, but we will also take part in other service and cultural learning activities as well. Our primary purpose for going is to serve the local community, but also to grow and learn as we get out of our comfort zone. We will be staying in relatively primitive conditions within the community and will be eating the local food the entire time. This is definitely not a touristy trip, but I am excited for the change I am sure will happen in my life and the impact we can have.

{If you have the space, enter a personal story of why this trip is significant for you}

Would you consider supporting me as well as the local community in this project? I need to raise *{amount needed to raise}* for this trip to be possible. If you are interested, please make a check out to **Courts for Kids** and return it in the enclosed envelope. Could you please return this envelope as soon as possible in order to make sure I hand everything in with enough time to spare? Your donation is **tax-deductible** and **100%** of what you give will go directly to this trip.

Sincerely,

{Your signature and name}
