

Santa Maria Chiquimula, Guatemala Jesuit High School, New Orleans 2025

Complete all forms/dietary/medical needs online

1. Go to www.courtsforkids.org/upcoming and login to your trip.
2. Use your existing login information to sign in. **Do not create a new account.**
3. Fill out/modify all the forms. This is very important as it provides us with any food allergies or restrictions, medical conditions, provides us with the information to issue tickets and serves as our waiver forms. **Please be accurate with your medical and dietary needs. PLEASE COMPLETE ALL TASKS IN YOUR ACCOUNT no later than one month prior to the trip.**
4. If any updates/changes are after the due date there is no guarantee we will be able to accommodate the dietary and medical needs.

Flight Information

All flights are on American Airlines

Date	Fl. #	Airport	Dep.	Airport	Arrival
6/25	386	New Orleans	6:01am	Miami	9:04 am
6/25	1603	Miami	10:04 am	Guatemala City	10:54 am

Bring money for meals in the Miami airport (or pack food), CFK will provide food starting with lunch on the 25th.

7/3	2178	Guatemala City	12:35 am	Dallas	5:00 am
7/3	2157	Dallas	7:15 am	New Orleans	8:48 am

The last meal CFK is providing is dinner prior to departure from Guatemala. All meals/food on the 4th need to be purchased by you.

Jesuit High School will communicate airport arrival information as the trip nears.

**Do not check in with the airline individually
(we are on a group itinerary and need to check in as a group).**

You are eligible for mileage points on American. To enroll go to www.aa.com. Please bring your FF number to the airport with you and give to agent when checking in.

Checked bag: Fit everything into **one bag** which can't exceed 50 lbs or 62" (length + width + height), please aim for 30-40 lbs total. **Wheeled suitcases are not permitted** as they create logistic difficulties traveling to and staying in the community. Instead, please use a **duffel bag**, with or without wheels.

Carry-on bag: You can carry on one bag (cannot exceed 15 lbs or 45") and one personal item. For carry on- no small roll suitcases- **backpacks and small duffel bags only please.**

- Bring 1 or 2 **changes of clothes**, including work clothes in your carry-on.
- **Toiletries** in your carry on must be in a clear, quart sized Ziploc bag, and each item cannot be in a container bigger than 3 ounces.
- You will also need a **pen** in your carry on to fill out immigration paperwork on the plane when applicable.

Passport

- If you already have a **passport- CHECK THE EXPIRATION DATE!** Your passport cannot expire within 6 months of this trip (**December 25, 2025**) If it does you **MUST** get it renewed!
- Your passport is the most important thing you will bring- so travel with clothes with zippers so you will not lose it or get a passport holder.
- Please make sure you have a copy of your passport on our registration system- this is required.
- In order for your passport to be valid it must be signed. Please sign it before coming to the airport.

Immigration

Guatemala:

You must fill out immigration information online prior to coming to the airport and checking in for your flight. You will be receiving a detailed email with specific information of how to complete this information. You cannot fill out this link before 72 hours prior to departure (or the QR Code will expire). Therefore, please click on this link and fill out this immigration information between the 22nd until prior to arriving at the airport on the 25th. You will get a QR Code - take a screenshot of it and **SAVE IT**. Here is the link:

<https://farm2.sat.gob.gt/declaDelViajeroGt-web/pages/public/declaracionJuradaDelViajero.html>

Students- keep in mind you must have enough battery on your phone when landing in Guatemala City to show your QR Code to an immigration officer. Please plan accordingly.

Information for immigration forms (may be needed):

+502 30207799- in-country phone number

Address:

Hostal Los Volcanes

16 calle 8-00 zona 13 aurora 1

Guatemala

<p>Immigration form cheat sheet</p> <p>Passport type: Ordinary</p> <p>Purpose of visit: tourism</p> <p>Surname = last name</p> <p>Given names = first and middle names</p> <p>Date format = day / month / year</p>

When going through immigration do not use the word “work,” but instead say you are here for “tourism.”

Prescription Medications:

Some countries have restrictions regarding bringing prescription medications through customs. To find the most up to date information, visit the International [Narcotics Control Board website](#) that provides general information for certain countries.

In general, the Center for Disease Control issues the following recommendations:

- Many countries only allow a 30-day supply of medicine.
- Keep medicines in their original, labeled containers. Ensure that they are clearly labeled with your full name, health care provider’s name, generic and brand name, and exact dosage.
- Bring copies of all written prescriptions, including the generic names for medicines. Leave a copy of your prescriptions at home with a friend or relative in case you lose your copy or need an emergency refill.
- Ask your prescribing health care provider for a note if you use controlled substances, or injectable medicines, such as EpiPens and insulin.

Community Information

You will be traveling to a Mayan community called Santa Maria Chiquimula in the Totonicapán department of Guatemala, in the western region of the country. The Municipality of Santa María Chiquimula ranks second in terms of the highest rates of malnutrition and extreme poverty in the entire department. It is home to an indigenous population of pure Maya K'iche' heritage. The residents' native language is K'iche', although Spanish is also spoken, and there are people who speak only K'iche'. The educational center is a place that brings together 12 different communities, it is surrounded by over 400 houses constructed from various materials such as adobe, cinder blocks, wood, tiles, and sheet metal.

You will be building a multi-use court at the site of a Jesuit school called Fe y Alegria No. 49. Students from various communities come to this school, giving it a population of over 500 students from kindergarten through high school. The school features high parental involvement. Over 90% of parents have active participation in the educational process.

The school prioritizes sports such as volleyball, basketball, soccer in addition to other activities like chess. There is a single court in the school, but with the high number of students they are in need of additional recreational areas, which is why they have applied to Courts for Kids for assistance with this project.

The school is very excited not only for the court project, but also to be able to connect with students from a Jesuit High School in the United States. They are excited to share their rich cultural heritage with you and to participate in a full cultural exchange.

Community Coordinates: 15° 2'6.10"N, 91°19'20.60"W

Average temperatures: 55-73 F. Prepare for cold temperatures in the evening.

Cultural norms: The school has a strict conservative dress code and so we too will be strict with our dress code to honor their requests.

Elevation: This project will take place at an elevation of 6,900 feet.

- Prescription medication (Acetazolamide or something similar- consult with a doctor) should be considered at elevations at/above 8,000 feet.
- Staying very hydrated (preferably with electrolytes) is extremely important to adjust to the elevation. This is probably the most important thing you can do starting 24 hours before reaching the high elevation and continuing for another 24-48 hours at high elevation when acclimating.
- No strenuous exercise for first 24 hours (we don't work or participate in sports and take it easy the first day in the community in order to acclimate)
- Ibuprofen has been advised and proven effective in helping those adjust to elevation. You should consult with a doctor. General advice is to start taking it 24 hours before reaching the high elevation and then the next 24-48 hours when acclimating (Tylenol, aspirin, Motrin, etc. are not a substitute- only ibuprofen).

Please note, it generally takes 24 hours to have symptoms of altitude sickness so arriving in a community and "feeling great" is not an indicator that you have adjusted. The above advice is advisable for everyone, regardless of how they feel when they arrive, for 24-48 hours while acclimating to the high elevation.

Signs of altitude sickness are: headache, tiredness, nausea, dizziness, and shortness of breath. If one experiences these symptoms they need to hydrate, take ibuprofen, and rest.

In Country Host and Staff

Your group will be led by Peter (Pedro Pablo Rivera), who is the Courts for Kids Director in Guatemala. Peter was a Civil Engineer for 16 years prior to joining our Courts for Kids team. He will be with you from your arrival into the airport until your departure.

Transportation and Lodging

You will be transported by private bus from Guatemala City to Santa Maria Chiquimula about 6 hours away.

You will be staying in the school, which will be bunkbeds. You must **bring your own sleeping bag, twin size sheets and pillow.**

Bathing is showers which means a primitive shower with cold water. (There may be a possibility for river bathing and if so swimsuits are not appropriate and you will need to wear athletic shorts and T-shirts- dry fit is recommended, but pack a swimsuit as well).

You will be using toilets- but never flush toilet paper down the toilet- it must be placed in the waste basket next to the toilet.

Food and Water

Food will be prepared by the community, so you will be eating authentic local cuisine. If you are a picky eater or a big eater, you should probably bring some snacks with you. ***Please make sure, though, to always attempt to eat what is given to you, and if you are dishing up yourself, only dish up what you will eat.*** Please accurately indicate your dietary restrictions on your online registration. We will only drink clean, potable water so please bring a large-mouthed water bottle as we pour from large jugs.

Please pack snacks for yourself. Snacks should have protein and salt.

Spending Money

There are 3 options for exchanging money:

1. Exchange money in the Guatemala City airport upon arrival (sometimes money exchanging is available in one of the airports you are leaving from/traveling through as well). Bills generally need to be crisp with no writing, creases or torn in order to be exchanged. Only person(s) 18 years and older can exchange money therefore if you are under 18 you will need to have a chaperone do it for you or come prepared with one of the other two options below.
2. Bring an ATM card and withdraw money in the airport. **If you are going to use an ATM card call your bank to notify them of your travel plans so you are not denied funds.**
3. Pre-order local currency from your bank here in the USA. This takes planning ahead but is super convenient and hassle free.

There are no options for exchanging money once you leave the airport (meaning- we will not be making any special stops).

You will only need money to purchase airport food, souvenirs, and snacks/sodas. \$50-\$100 should be enough money. Please be sure to budget wisely and save enough money for airport meals on the way home.

Current currency rate is \$1 = 7.72 Quetzals

Please be sure to budget wisely and save enough money for airport meals on the way home. Suggested around \$50 for spending money.

Construction work

The work will consist of manual labor. We will work side-by-side with the locals and although it will be challenging there are jobs for every one of every physical capacity. You will be helping to load and unload a concrete mixer 300-400 times. This will take several days of work and will probably be the hardest you have worked in your life. You do not need any

specific skills as the work is mostly shoveling, lifting buckets and wheelbarrowing. We want you to work hard to earn the respect and trust of the local community, as they will be working alongside you, but we also will give time to take breaks. **Gloves** are crucial to avoid getting blisters. Please make sure that when you work, you **rinse** any concrete off your skin before it dries.

Long sleeve shirts are highly encouraged to avoid cement burns on your arms (and sunburns).

Health Concerns

Each person will have medical insurance for major medical issues, which includes evacuation out of the country, if necessary. For specific policy information, please email your Courts for Kids representative.

The closest major **clinic and hospital** is the Santa Maria Chiquimula Health Center, which is a 10 min drive.

The four most common medical concerns that arise on our trips are:

- **Dehydration and heat exhaustion** - We advise you to drink more water than you think possible, and in fact you should start hydrating yourself on the plane. Gatorade is excellent to add flavor to your water and can help you stay hydrated. One of the first signs of dehydration is a headache. If this happens stop what you are doing and let your Courts for Kids representative know right away.
- **Sunburns** - Staying protected from the sun will be very important, so please make sure to bring sunscreen, clothes that you could work in that offer sun protection and a hat, shirt, or bandana to cover your head.
- **Traveler's diarrhea** - We recommend taking one or two probiotics per day starting a week before arrival into country (check with your doctor first). Then, at the onset of diarrhea, you can take 10-15 probiotic pills to help flood your system with healthy bacteria. We also recommend bringing an antibiotic (check with your doctor) but this is only for serious gastrointestinal issues. Check with the Courts for Kids representative or chaperone before taking any antibiotics.
- **Constipation** - Sometimes constipation issues can happen due to a traveling, a different diet and/or dehydration. It is good to prepare for those possible issues by packing Fiber One bars, fiber supplement, or stool softener.

Immunizations Recommended by the Center of Disease Control

(Keep in mind these are recommended, not required. Check with your local doctor and make the decision best for you).

- a. Routine (DPT, MMR, Polio, Chickenpox, Flu, Shingles)
- b. COVID-19
- c. Hepatitis A and B
- d. Typhoid
- e. Rabies

Please **do not pet or play** with unvaccinated wildlife such as dogs.

Safety Protocol

Courts for Kids makes your safety our number one priority. Being in a safe, tight knit community with strong awareness and ownership of the project will provide local people who will be personally invested in the safety of the team. Courts for Kids also has safety protocols in place that include, but are not limited to:

- A **Courts for Kids representative will lead the group** while in the destination country.
 - We always contract **private transportation** to take us directly from the airport to the community.
 - We have a **strict conduct policy** for all trip participants which promotes the safety and security of the group. All participants are required to attend a **mandatory training**.
 - We have **secure transportation** available to medical facilities in the case of any injuries.
 - We will have a **first aid kit** with the group at all times.
 - We only drink **clean, potable water**.
 - We work with community cooks to adhere to our **Safe Cooking Practices**.
 - We monitor the **US State Department** travel warnings and make travel adjustments as deemed necessary.
 - **Insurance coverage** for all trip participants that includes evacuation with a medical escort in a worst case situation. Policy details can be provided upon request.
 - **A Child Protection Policy** which includes background checks for all adults traveling in a group where minors are present.
 - Courts for Kids may conduct a **behavioral background check** through a student's school and reserves the right to refuse a participant based on the information we receive.
- Safety is a team effort and every trip participant is responsible for their behavior, must use common sense while traveling, and comply with Courts for Kids representatives and trip leaders at all times.

Your Role in Safety

- Travel in groups
- Get approval from chaperone/staff member to leave the group
- Abide by construction dress code
- Never get on a motorcycle or scooter under any circumstances
- If riding in the back of a truck, must have butts on the ground
- No possession or use of drugs or alcohol under any circumstances (will be sent home at your personal expense if in violation)
- Make CFK staff aware of any health concerns immediately
- Must abide by destination country's laws and rules
- Disclose any pre-existing health conditions in registration system
- Take personal responsibility with any serious allergies

Conduct Policy

You will be sent home if you violate Courts for Kids policies, which includes but is not limited to:

- Drugs/Alcohol- possession and/or use
- Not abiding by the destination country's laws and rules
- Not cooperating with the CFK representative and chaperones
- Using inappropriate or abusive language or physically inappropriate or abusive actions
- Inappropriate physical relationships with members of team or community
- Visitation policy- individuals are not allowed to sleep or visit the private areas of the opposite gender
- Stay in groups unless approved by the Courts for Kids representative
- Sneaking out/Generally not being where you are told
- Damaging or defacing property

Remember- we are reflections of not only our country, communities, and Courts for Kids, but most importantly, our local host!

Technology/Phone Policy

Courts for Kids number one priority is the group's safety. Items like cell phones make the group a target for theft. Additionally, we prioritize a full immersion experience and cell phones are often the biggest detractor. As a result, we do not allow cell phones for the duration of the trip. We are immersing ourselves in the culture, connecting with locals and each other therefore we want students to embrace this by agreeing to be technology free during the week. Therefore, we will be collecting phones upon arrival in the destination country and locking them up for the week and they will be returned to students upon departure. Any students found in violation of this policy will have their cell phone or other devices taken away.

Communication

Students will not be in communication with friends or family back home. Parents/guardians will be contacted if there is an illness or emergency that requires a clinic or hospital visit but generally no news is good news.

Emergency Contact Number: If there is an emergency please contact Derek Nesland at 360-909-0684, and we can decide if/how to contact your child.

To see pictures and quotes on your son/daughters' trip we will post pictures during the trip, if possible. You can follow us on **Facebook and Instagram (@courtsforkids)** for these updates. Please have patience as we are confined to the limited resources the community has to offer such a limited Wi-Fi or electricity.

Handout and Gift Policy

We do not allow gifts or handouts to the communities we visit because personal handouts can:

1. Damage self-esteem of those kids who are left out.
2. Damage the message we are trying to convey- We are here to learn and grow.
3. Create a 'beggar' culture in a community.
4. Be something that actually won't help the kids/community.

If you do wish to bring additional items to donate, we require them to be items that benefit the entire community and only the options listed below are allowed:

1. School supplies or sports items will be left with the community leadership to distribute. Keep in mind you are not obligated to bring anything extra, but whatever you bring must fit in **your** one checked bag.
2. Students are allowed to leave their clothes, shoes, bedding, etc. for donation if they would like (please do not feel obligated).
3. Bringing a **printed picture** of you with your family is also recommended in order to foster communication and relationship building with the community members. We recommended you leave it with a child/person with whom you had a special connection.
4. Or you can help contribute to the sports supplies we will bring to the community to donate. To see the most updated list of supplies needed please visit our Amazon Wish list (search for "Courts for Kids" on Amazon or use QR code below). All items purchased will go directly to these communities and are greatly appreciated.

Courts for Kids Amazon
Wish List for sports supplies

Packing list (Bag cannot exceed 50lbs)

Dress code at all times:

- No tank tops- shoulders must be covered
- No military or political attire permitted
- T-shirts that cover your entire top half must be worn (no low cut and no exposure of midriff).
- It is not allowed for any gender to be in public with their shirt off.
- Shorts are not allowed in the community

Work Dress code:

- No tank tops (shoulders must be covered).
- Pants only covering the whole leg. Shorts/Capri pants are inappropriate for construction sites.
- Boots for working (rubber or construction type boots). Open-toes shoes, sandals, or similar shoes are not permitted. You must wear sturdy waterproof shoes such as water proof boots.

- Sunscreen and protective clothing (long sleeve shirt, long pants, hat) should be considered while on the work site.
- Arms need to be covered if you are loading the mixer (long sleeve shirt)
- Face mask or bandana must be used when loading the mixer
- Eye protection (sun glasses for example) must be worn when loading the mixer

River Bathing Dress Code:

- If you have the opportunity to swim in a river, lake or springs in a community come prepared to have a shirt and pair of shorts over your swimsuit (dri-fit recommended).

Clothes

- 5 work shirts- light colored, light weight shirts are best. At least two of these need to be long-sleeved (but we recommend more). We recommend light weight, long sleeved shirts in a light color.
- 2 long work pants (You will be able to wear these multiple times). Entire leg must be covered.
- 4-6 additional shirts to wear in evenings, for a hike, camp on the court, and travel.
- 2-3 additional pairs of pants for other activities.
- A couple pair of long shorts- (long shorts are defined as longer than fingertips at your side)
- Work boots- must be closed toed, sturdy, and waterproof.
- One pair of shoes for hiking and playing sports.
- Slides or Crocs (for showering and wearing around the community)
- Socks
- Underwear

- Swimsuit (for possible communal bathing in showers and possible swimming) along with a dry fit T-shirt and shorts.
- Hats/ Bandanas to protect from sun
- Light rain jacket or poncho
- One sweatshirt/light jacket
- Warm hat or beanie
- One nice outfit for Opening Ceremonies/church/etc.- boys in button down collared shirts and slacks and girls in long skirts (past knees), or pants, and shoulders covered. Emphasis on looking professional.
- Remember to pack one pair of clothes in your carry-on in case of lost luggage.

Medical (Trip leader will have a kit with basic first aid care)

- Aloe Vera
- Advil, Tylenol or Ibuprofen
- Probiotics
- Dramamine (for car ride if you are prone to car sickness)
- Any prescription medication you are on
- Azithromycin (or similar antibiotic for traveler's diarrhea)- **REQUIRED!** You will need to get this from your doctor and a picture of your medication in your name must be uploaded to your registration at least one month prior to the trip (under the "Tasks" in your registration).

Hygiene

- Package of wipes for pre-shower
- Travel toilet paper (does not have the center tube) or a roll of TP in a plastic bag. This is only needed for travel to/from the community.
- Hand sanitizer
- Basic toiletries
- Any liquids you bring in your carry-on must be under 3.4 oz. and in a clear, quart size Ziploc bag
- 1-2 Towels (quick dry camping towels are recommended)
- One bottle of liquid or spray sunscreen (to be shared with entire group)
- One bottle or spray of bug spray (to be shared with entire group)

Body wash/soap, shampoo, and conditioner will be provided by CFK but you're welcome to bring your own if you have a preference.

Safety Items- required

- Work gloves (very important)- recommend more than 1 pair
- Bandanas and/or face masks – for working around the mixer
- Sunglasses -For eye protection when working around the mixer

Hydration Items- required

- Water Bottle (wide mouthed are best- we will be pouring from big jugs and it makes it a lot easier). Maybe 2- One for water and one for an electrolyte.
- Packets of an electrolyte of your choosing- Gatorade packets, Nuun tablets, Liquid IV, etc.- plan to use 2-3 per day (to be shared with entire group).
- Required- everyone is required to bring a box containing 8 packets of Pedialyte. You can buy this variety pack box here (or find the flavor you desire): https://www.amazon.com/Pedialyte-Electrolyte-Powder-Variety-Hydration/dp/B004M1BOC6/ref=sr_1_9?crd=2PGXFGLGNA7L&keywords=pedialyte&qid=1706041428&srefix=pedal%2Caps%2C167&sr=8-9

Other

- **PASSPORT!!!!!! Your passport is the most important thing you will bring- so travel with clothes with zippers so you will not lose it or get a passport holder.**
- Sleeping bag, Twin sheets and pillow
- Headlamp- electricity is not dependable (flashlight is not recommended as sometimes you need to be hands free)
- Ear plugs (in case of animal noises, loud music, snorers, etc)
- Prescription eyeglasses (if you wear contacts, bring eyeglasses along as well)
- Pen (in carry on)
- Snacks (protein and salt)- Your food and wrappers must be enclosed in zip-lock bags!
- Spending money (\$50-\$100 is recommended)
- Dirty clothes bag
- Balls and equipment as distributed by Courts for Kids
- 1-2 garbage bags (used for multiple uses)

Optional (necessity for some, but not everyone):

- Fiber supplements/stool softeners
- Safety pins
- Anti-chaffing gels or roll-ons
- Money carrier
- Journal
- Masks
- Watch or alarm (you will not have your phone)

Don't bring

- Anything you don't want to lose/valuables
- Electronics
- Nice Jewelry

Pack all liquid items in zip lock bags so it will not spill in your bag!
